

ROYAL FOWEY YACHT CLUB APRIL NEWSLETTER 2017

Well, here we are. Springtime! There's more daylight than darkness. The sailing season is upon us. The river is alive with buzz and bustle. Through the early morning mists can be heard the rhythmical grunt and groan of the gigs training for the World Championships. The last lickings of antifouling are being scooped from the bottom of paint tins. Yachts, dinghies, and rowboats are going back on their moorings. Harbour Commission boats are chuntering round the harbour putting the pontoons in place. And racing is about to begin - except for idle slugabed Troy sailors, whose racing doesn't start until next month.

Seasonal Call For Volunteers. Warm thanks to all those who are already helping with Club activities. Now we would like more volunteers, please, to help with the various activities in the Club, and with the tasks which come with getting ready for the new season. We especially need volunteers for our Safety Boat during the season and Regatta Week. If you are willing and able to join in, please let the office know.
